# BUSINESS HALL of FAME

## A MESSAGE FROM THE HONORARY CHAIRMAN

It is my honor to serve as chairman for this year's Junior Achievement, Business Hall of Fame Laureate Induction Dinner. Thank you for joining me in recognizing the 2019 JA Laureates: Dr. Pat Day, Keith J. Evans and Dr. Cherie-Ann Nathan. Your presence here tonight honors our new Laureates as well as our community's outstanding 5 Star Junior Achievement program.

Junior Achievement provides a crucial service educating the youth of our community in the areas of financial literacy, work readiness and entrepreneurship. JA is located in 100 countries throughout the world and is the largest organization dedicated to giving young people the knowledge and skills they need to plan for their futures and make smart academic and economic choices. Studies show that many parents do not feel qualified to talk to their children about money and are unable to help them prepare for the world of work. In a world where our financial lives are becoming more complicated and opportunities to spend money far outweigh information on managing it, this organization is bridging a critical educational gap.

Our corporate and community volunteers deliver relevant, hands-on experience—lessons that connect real life business with education. Students who are the beneficiaries of the JA program are equipped with the tools they need to change their dreams into reality and to become successful citizens in the 21st century workforce. With the support of JA Laureates, business leaders, and friends, tonight's Laureate Induction Dinner will provide 20% of the annual program budget—clearly a tremendous return on your investment. Thank you again for your generosity and your steadfast commitment to today's youth and our community's future. You are changing lives!

## A MESSAGE FROM THE CHAIRMAN OF THE BOARD

Tonight's event is Junior Achievement's major fundraiser that helps to provide area students lessons in financial literacy, work-readiness and entrepreneurship. On behalf of JA and our Board of Directors, I thank you for attending tonight's fundraiser and investing in Junior Achievement's mission.

First, I would like to congratulate our 2019 JA Laureates, Dr. Pat Day, Keith J. Evans and Dr. Cherie-Ann Nathan and thank them for their support to ensure the continued growth of Junior Achievement programs in our community. I also want to thank the JA Board of Directors and all of the Junior Achievement Laureates for their continued investment in JA. As you know, an investment is different than a gift— when you invest, you expect a return. I would like to share a quick report concerning your return on investment regarding JA's performance last year.

During the 2018-19 academic year, JA engaged over 450 volunteers who taught 13,157 students, totaling 72,885 student contact hours in 562 classrooms, plus seven educational events hosted by Junior Achievement. For the past 6 years, JA of North Louisiana has remained in the top third of national performers, receiving recognition from Junior Achievement USA as a 5 STAR Award recipient. We can all be proud of our community for helping Junior Achievement of North Louisiana be among the best JA programs in the nation. Thank you to those who have continued to invest in JA's mission to empower young people to own their economic success.

I also want to commend our director, Nita Cook. Under her leadership, the services provided by this organization have had significant annual increases. Through innovative partnerships with business leaders and organizations, JA mentors will continue to inspire more young people to set goals for a successful future!

Thank you again and congratulations to our 2019 Junior Achievement Business Hall of Fame Laureates!

## BUSINESS HALL of FAME

Dr. Day has served as senior pastor of First United Methodist Church, Shreveport, since June 1993, leading a major turnaround of the now 4,000-member congregation. The Sunday worship service is broadcast into four states, and are streamed from the church's website. Pat is also on local radio sharing "Perceptions," sixty-second, thought-provoking messages to 19,000+ listeners. Dr. Day, an ordained Elder of the Louisiana Conference of the United Methodist Church, has served on the General Conference and the Jurisdictional Conference of the UMC.

**DR. PAT DAY**

Under Pat's leadership, the FUMC team of staff and lay leaders have grown First United Methodist, Shreveport from the 3rd largest to the largest United Methodist Church in Louisiana. The budget has increased from \$1.5 million to \$5 million. FUMC ministries now includes a Global Leadership Conference, a Global Missions program, a fivefold expansion in Vacation Bible School, and also supports many not for profit organizations in our community. First Methodist has built three new buildings and renovated four, as well as constructing two well-lighted parking lots used by our downtown community. Unique to any church in America, and where once a pawnshop stood, the Emmet Hook Center for performing arts is a catalyst for healthy growth in our downtown area. When many downtown churches and businesses have followed the population out to the suburbs, Pat and his team have invested \$20 million in Capital Expenditures to support our downtown community.

In addition to his duties as senior pastor, Dr. Day is a member of the National Speakers Association presenting inspirational and motivational programs for churches, schools, conferences, civic organizations and community events. Dr. Day is a certified speaker and coach for the John C. Maxwell Team and has a passion for coaching/consulting with business leadership teams. He is the author of the inspirational book *Growing into Greatness* and *When All Hail Breaks Loose*.

Dr. Day is a member of the Downtown Shreveport Rotary Club. Throughout his career, Pat was named one of the Outstanding Young Men in America and received the Henry Bowden Senior Preaching Award from the Louisiana Moral and Civic Foundation. The National Association of Social Workers Shreveport Region presented Pat with the Public Citizen of the Year Award and was also awarded the Harry Denman Evangelism Award by the Louisiana Annual Conference.

Dr. Day received his B.A. degree from Austin College and earned Master of Theology ('75) and Doctor of Ministry ('76) degrees from SMU's Perkins School of Theology. Dr. Day served United Methodist churches in Texas from 1973 to 1993.

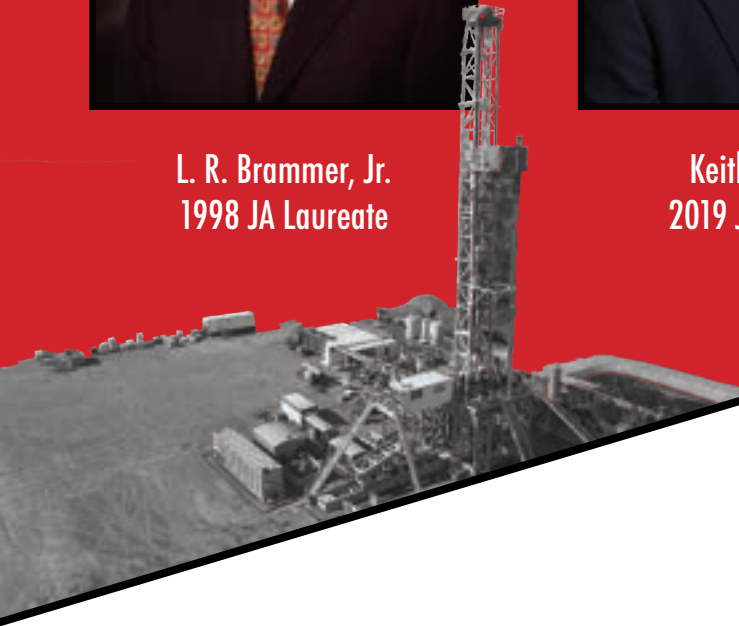

Pat is a native Texan having graduated as valedictorian of his class in his hometown of Elkhart. An outstanding football player, earning All District, All East Texas, and All State as a running back at Elkhart, Pat also played at Henderson County Junior College and Austin College. Married to the former Sheri Houston, Pat Day is the father of two grown children, four granddaughters and one grandson. He also operates his family's ranch in Texas.

**ENGINEERING, INC.**

# BUSINESS HALL of FAME

Keith J. Evans was born in Shreveport, Louisiana, on January 22, 1957, and was raised in Houston, Texas. He attended Louisiana State University graduating with a BS in Petroleum Engineering in 1980. He was president of Kappa Sigma Fraternity.

Keith began his professional career with Shell Oil Company in June of 1980. He had assignments in Ventura, the Sacramento basin and Geysers areas in California and later as the production engineer for Shell's two platforms in the Cook Inlet, Alaska. Keith was also involved with the completion design of Shell's first North Slope Beaufort Sea well.

In May 1982, Keith and his wife Karen Oden Evans moved to Shreveport and Keith joined Brammer Engineering, Inc. That began a very special 28-year relationship with Bob Brammer. In 1995, Bob retired and Keith bought the company along with his former partner Tad May. Over the next 20 years, the company grew almost tenfold in gross revenues and twentyfold in net income. The client base became more Houston centered as the company formed longstanding relationships with global majors Amoco, BP and Chevron. Keith has stressed three guiding principles: our people are the company's most valuable asset, the company motto of "Service, Service, Service..." and a high standard of "Chase perfection and catch excellence!" Keith is a registered professional engineer and a member of SPE, LES and IPAA.

**KEITH J. EVANS**

Keith's civic activities include service on several non-profit boards, two universities, as well as his church and children's schools and activities. He currently serves on the VOA North Louisiana Board, the VOA Planned Giving Committee, the Oakland Cemetery Preservation Society Board (past president), the Board of Mary's House and is a member of the Committee of One Hundred. He is also a past board member of the Shreveport Petroleum Club. He is a current board member of the LSU Foundation and a past Trustee of Randolph College in Lynchburg, Virginia. Brammer Engineering and its employees support the VOA Lighthouse program where volunteer-employees tutor and mentor Lighthouse kids. Company employees also serve lunch at the Shreveport/Bossier Mission one day each month.

Keith and his family attend St. Joseph Catholic Church where Keith has served on the Church Renovation Task Force (2006-2008), the Parish Finance Council (since 2008) and was the Co-Chair of the Cornerstone Committee (2002). He was awarded the Diocesan Medal of Honor in 2001. Keith served on the St. Joseph School Board from 1996-1998 (President 1997-1998). Keith also served on the Loyola College Prep Board of Trustees from 1999-2005 (President 2003-2005). He was Chairman of the Athletic Committee from 2001-2003 and helped lead the effort to build the Loyola Athletic Complex and Messmer Stadium.

Keith and Karen are members of Pierremont Oaks Tennis Club, East Ridge Country Club, the Shreveport Club and the Petroleum Club. Keith and Karen have been married for 39 years and have three children; John Evans and his wife Meredith, Emily Overdyke and her husband Bryan and Rebecca Graham and her husband Matt. They are also blessed with seven grandchildren all of whom live in Shreveport.

# congratulations

DR. CHERIE-ANN NATHAN

*We are so proud  
of you and your  
accomplishments!*

# BUSINESS HALL of FAME

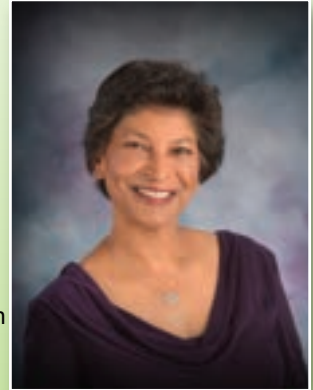

Scott P. Sealy, Sr. is Chairman of Sealy & Company, where he oversees corporate governance, strategic planning, and platform development. Born and raised in Shreveport, Scott graduated from Byrd High School and subsequently attended Southern Methodist University graduating with a Bachelor of Arts degree in real estate. Mr. Sealy's educational pursuits were heavily influenced by his father Pollard who demonstrated an unwavering commitment to integrity, education, and loyalty.

After graduating from SMU, Mr. Sealy joined the family company in 1968 with a total of 4 employees and a \$20 million portfolio in one market. Since that time, he has significantly expanded the company's platform to 100± employees, seven offices, 15 markets, and a current portfolio of over \$1.3 billion. Under his leadership, Sealy & Company has become a nationally recognized leader in the real estate industry, particularly with respect to the acquisition, repositioning, and ground-up development of industrial facilities in the Southeast and Southwest United States. Today, Sealy & Company possesses institutional capacity in investments, banking, technology, and real estate services.

In addition to his extensive real estate investment and management activities, Mr. Sealy is a venture capitalist and advisor for a number of insurance, oil and gas, and technology businesses seeking enterprise expansion and increased profitability. Giving back to his community, industry, and service to others are Scott's core tenets. Among Mr. Sealy's many achievements, the most rewarding is his active role as a mentor and advocate. His current and past management, volunteer, and advisory positions include:

- Member of the Society of Industrial and Office Realtors, serving as Chapter President, member of the National Board of Directors, and member of its Strategic Planning Committee;
- Vice President of Economic Development and Chairman of Greater Shreveport Economic Development Foundation, through the Greater Shreveport Chamber of Commerce, for nine years;
- Independent Board Member Cole Retail Trust III & IV also serving as chair of the Corporate Governance Committee and Member of Compensation Committee of Cole Real Estate Investments, Inc. a member of the NYSE;
- Chairman of Praeses Corporation, a telecommunications management and software development company - Shreveport, Louisiana;
- Venture capital placement advisor for Parata, one of the largest automated prescription fulfillment companies in the United States; Parata is in a joint venture with McKesson Corporation - San Francisco, California;
- Board of Directors of Louisiana Companies, one of the region's largest privately held brokerage and risk strategy firms – Baton Rouge, Louisiana;
- Advisory Board Member, Baylor Health Care System Foundation and the Center for BrainHealth.

Scott and his wife Diane have been married for 50 years and have four children Amy, Lisa, Scott Jr, and Michael who have given them the blessing of 8 remarkable grandchildren. In addition to business and spending time with his family, Scott enjoys traveling and is an avid outdoorsman.

## ELEMENTARY PROGRAMS

### JA Ourselves®

JA Ourselves uses storybooks and hands-on activities to introduce the role people play in an economy. Through engaging, volunteer-led activities, young students learn about individual choices, the importance of saving and giving, and the value of work.

### JA Our Families®

JA Our Families explains how family members' professions contribute to the well-being of the family and of the community. The program introduces the concept of needs and wants, explores the ways families plan for and acquire goods and services, and analyzes their skills to determine ways they can support their families.

### JA Our Community®

JA Our Community uses posters and games to offer practical information about businesses and the many jobs those businesses offer in a community. Students explore production methods through a simulation game, and learn about taxes, decision making, and how money flows in an economy.

### JA Our City®

JA Our City introduces students to the characteristics of cities and how cities are shaped by zoning. Students learn the importance of money to a city; how financial institutions help businesses and city residents; and how the media is an integral part of a city's life; and the role of an entrepreneur.

### JA Our Region®

JA Our Region introduces students to entrepreneurship and how entrepreneurs use resources to produce goods and services in a region. Students operate a hypothetical hot dog stand to understand the fundamental tasks of a business owner and basic operations of the business.

### JA Our Nation®

JA Our Nation provides practical information about the need for employees who can meet the demands of the 21st century job market. Students will understand the skills, especially in science, technology, engineering, and math, necessary to achieve future success.

“If you are planning for a year, sow rice; if you are planning for a decade, plant trees; if you are planning for a lifetime, educate people.”

Chinese Proverb

# JUNIOR ACHIEVEMENT

EMPOWERING YOUNG PEOPLE TO OWN THEIR ECONOMIC SUCCESS

## BE A HERO!

As a JA volunteer, you know you can make a difference in a child's life. By leading a JA program, you have shared a message of hope and opportunity with each and every young person you have reached.

Our volunteers are what sets JA apart.

**We are receiving more requests for our programs than we can meet. Won't you consider volunteering again?**

JA Kids need you. Will you please help them?

Help us inspire more JA Kids and change a child's life!

Junior  
Achievement®

# MIDDLE SCHOOL PROGRAMS

## JA Global Marketplace®

JA Global Marketplace takes students on a spin around the world. Students learn the products they use every day, like their backpacks and sneakers, might use raw material from one country, be assembled in another, and sold from Peking to Chicago. The program helps students understand how goods flow through various economies and the effect globalization has on their lives.

## JA It's My Future®

JA It's My Future provides practical information about preparing for the working world. Students learn about career clusters, high-growth jobs, career planning, and creating a personal brand. And, through a scavenger hunt, they are introduced to the basic aspects of job hunting.

## JA Economics for Success®

JA Economics for Success gives the students the information needed to build strong personal finances, a cornerstone to a happy, secure life. Students learn the importance of exploring career options based on their skills, interests, and values. They also learn about personal budgeting; wisely saving and investing; and cautiously using credit.

## JA Job Shadow™

JA Job Shadow prepares students to be entrepreneurial thinkers in their approach to work. In-class sessions prepare students for a visit to a college campus. Students learn how to research academic and career opportunities and develop the skills needed to land and keep their dream job.

“Children are the world’s most valuable resource and its best hope for the future.”

John F. Kennedy

Junior  
Achievement®

# HIGH SCHOOL PROGRAMS

## JA It's My Business®

JA It's My Business! Blended Model provides middle school students an opportunity to experience the initial steps necessary to start a business. New program content provides an authentic entrepreneurial experience for students, with each session building up to a product-pitch competition.

## JA Personal Finance®

JA Personal Finance explores the fundamental elements of personal finances: earnings, savings and investments, budgeting, credit, risk management, and giving. Students apply these elements to a personal financial plan that allows them to set specific goals for their lifelong financial needs and desired quality of life.

## JA Career Success®

JA Career Success equips students with the knowledge required to get and keep a job in high-growth industries. Students will explore the crucial workplace skills employers seek but often find lacking in young employees. Students also learn about valuable tools to find that perfect job, including resumes, cover letters, and interviewing techniques.

## JA Inspires®

This work-readiness initiative utilizes the JA Job Shadow in-class curriculum to prepare students for a visit to a professional workplace environment. Students will navigate a series of challenges administered by their hosts. After the site visit, students gather with community citizens and business leaders for the JA Inspires: Student & Mentor Lunch. Following an exercise in introductions and shaking hands as well as business etiquette, roundtable discussions teach students to use critical thinking, creativity, communication, and collaboration skills to complete worksheets with their mentors. They explore needs and wants, ethics in business, and interview skills. Students leave with a clearer understanding of resume building and an increased understanding of the importance of staying in school.

**“Entrepreneurship is the way we take control of our lives in a tough economy.”**
