JA Showcase
Volunteer & Student Recognition

*East Ridge Country Club
May 1, 2014*

A Message from the Junior Achievement Showcase Honorary Chairmen

We are delighted to serve as honorary chairmen for this year's JA Showcase: Volunteer & Student Recognition. JA has changed quite a bit since it was first launched in Shreveport 50 years ago as an after school program for high school youth. Today's program is taught during school by volunteers from kindergarten through high school. It continues to educate our youth about the roles that personal finance and business play in our economy. JA's national office has designed a comprehensive program that progressively exposes students to vital lessons about citizenship, financial decision making, and entrepreneurship. It is a proven program which inspires young people to nurture their dreams of the future while building those personal traits needed to succeed: confidence, self-reliance, and responsibility. Plus, it is fun! And because program costs are kept to a minimum, JA NLA will serve approximately 7,000 students this year. Thank you for your presence here today. Please help JA thrive by pledging your support, continuing to volunteer, and recruiting others to participate!

James N. Fritze, JA Business Hall of Fame Laureate '00
George P. Fritze JA Business Hall of Fame Laureate '09

A Message from the Chariman of the Board

Junior Achievement of North Louisiana provides a wonderful platform to educate the youth of our community about personal finances, the business cycle and entrepreneurship. Most children are not exposed to these topics by their parents or through the traditional education system. JA engages experienced professionals as volunteers in the classroom to connect real life business with what they are learning in the classroom and to prepare the workforce and entrepreneurs of tomorrow. Personally, I find volunteering to teach JA lessons in economics is a wonderful and enjoyable way to give back to the community. It is fun and exciting to see children learning about saving money, how businesses make a profit, and what it takes to start your own business. Thank your for giving the youth of today a small portion of your time. Those hours may have made the difference in some students' opportunities in life. You just may have inspired the next Steve Jobs, Bill Gates or Sam Walton. Your investment this school year is a students' future reward.

A Message from the Program Manager

Sometimes, not often enough, we reflect upon the wonderful people who enter our lives. This past school year has been a humbling experience for me as I look back and think of the hundreds of business professionals who took the time out of their busy schedules to make a difference in a child's life. More often than not, the volunteers viewed the experience as a life-changing event; that is, to actually see and feel the impact they made, and to have a greater appreciation for our classroom teachers.

It has been an honor for me to work with each one of you. Please know how grateful I am.

Meg Goorley

A Message from the President

Now celebrating 50 years, Junior Achievement of North Louisiana continues to support economic education for young students in our community. JA programs connect the dots between what students have learned in school and how it applies to their lives. Our health as a nation is largely influenced by the characteristics of the workforce which impacts productivity, the economy and global competitiveness. A large percent of US companies report major challenges in recruiting employees with the skills and knowledge they need for the 21st century; Shreveport-Bossier is actively addressing these issues by supporting JA programs in the classroom. JA lessons include critical and creative thinking, problem-solving, ethics, and teamwork. JA students state they have a better understanding of the job market and skills necessary to be successful as well as an increased understanding of budgeting, investing and planning financially for the future. Students prepared to enter the workforce are catalysts for new opportunities and a better future for them and their families. Please support JA in your neighborhood school and in those schools where poverty continues to limit opportunity.

Thank you for supporting JA programs in our community.

Nita H. Cook, President
