A Message from the Honorary Chairman

Good evening. It is my privilege to serve as Honorary Chairwoman for the 2016 Junior Achievement of North Louisiana, Business Hall of Fame Laureate Induction Dinner. We have an exciting evening planned beginning with a motivating speech by General Robin "Baba" Rand, a Junior Achievement graduate and now Commander of Air Force Global Strike Command at Barksdale Air Force Base. Following General Rand's speech we will recognize all of our Junior Achievement Laureates attending tonight as well as the JA Board of Directors. The installation of our 2016 JA Laureates, three dynamic community leaders and successful business owners, Jon Q=Petersen, Jimmy Gosslee and Gregory Kallenberg will round out the evening. Each of these gentlemen has a unique story which will inspire and entertain.

This evening is about the future leadership of North Louisiana. Our community has taken strides to develop a culturally diverse environment with sustainable support where young entrepreneurs dare to take risks, are permitted to fail, are encouraged to learn and supported to try again. Our young people must know that their decision to stay right here to create their own success story and to raise their family will be a well-chosen path. JA connects the dots between classroom lessons and real life. By investing in Junior Achievement's mentor-led programs, you help provide young people with exercises in how to communicate and collaborate, how to use critical thinking and creativity to solve problems and develop the skills necessary to help them reach their full potential.

I want to thank you for your continued support of Junior Achievement, a wonderful organization which, with your help, will empower the future of this great community.

Junior Achievement

of North Louisiana, Inc.

A Message from the Chairman of the Board

Tonight's event is Junior Achievement's major fundraiser that helps to provide area students lessons in financial literacy, work-readiness and entrepreneurship. On behalf of JA and our Board of Directors, I thank you for attending tonight's fundraiser and investing in Junior Achievement's mission. I also want to thank the JA Board of Directors and JA Laureates for their continued investment in JA. You know an investment is different than a gift—when you invest, you expect a return. I would like to share a quick report concerning your return on investment regarding JA's performance last year.

Hardy Foreman
Carr, Riggs & Ingram
LLC

Last year JA provided lessons to 7, 233 students with 48,000 contact hours. This translates into \$1,436,000 of service to area students.

For the second year, Junior Achievement of North Louisiana has been recognized as a 5 Star Area. We have significantly increased student contact hours and are financially sound with six months operating capital enabling JA to make plans to serve additional students.

Thirty five of the 111 JA areas in the US achieved this 5 Star Level. We can all be proud of our community for helping Junior Achievement of North Louisiana be among the elite—my invitation to you is to be a part of making JA North Louisiana a 5 Star program again this year!

Thank you again and congratulations to Jimmy Gosslee, Gregory Kallenberg, and Jon Q=Petersen, our 2016 Junior Achievement Business Hall of Fame Laureates!

General Robin Rand, former Junior Achievement student

Gen. Robin Rand is the Commander, Air Force Global Strike Command, Barksdale Air Force Base, Louisiana. He is responsible for organizing, training, equipping all U.S. intercontinental ballistic missile and bomber forces. The command's mission is to provide strategic deterrence, global strike and combat support. The command comprises more than 31,000 professionals operating at nine wings that control the nation's inventory of Minuteman III intercontinental ballistic missiles, B-1, B-2 and B-52 bomber aircraft.

General Rand was commissioned in 1979 after graduating from the U.S. Air Force Academy. He's had multiple flying tours; served as an air liaison officer with the U.S. Army; and has had staff tours on the Joint Staff, Office of the Secretary of Defense, and Air Staff. General Rand's previous commands include the 36th Fighter Squadron, USAF Weapons School, 8th Fighter Wing, 56th Fighter Wing, 332nd Air Expeditionary Wing at Balad Air Base, Iraq, 12th Air Force (Air Forces Southern), and prior to this assignment, Air Education and Training Command.

General Rand is a command pilot with more than 5,080 flying hours, including more than 470 combat hours.

JA is guided by our core values:

- Belief in the boundless potential of young people
- Commitment to the principles of market-based economics and entrepreneurship
- Passion for what we do and honesty, integrity, and excellence in how we do it
- Respect for the talents, creativity, perspectives, and backgrounds of all individuals
- Belief in the power of partnership and collaboration
- Conviction in the educational and motivational impact of relevant, hands-on learning

VOLUNTEER NOW!

THIS IS COLDWELL BANKER GOSSLEE

THIS IS WHERE
AWESOMENESS
HAPPENS.

**COLDWELL
BANKER**

GOSSLEE

Congratulations, Jimmy!

James David “Jimmy” Gosslee was born in Providence, RI, January 21, 1949, to Dr. John and Eileen Gosslee. A post-World War II baby, Jimmy’s family moved to Louisiana, where his father joined the Highland Clinic in 1954 as their first orthopedic surgeon.

Jimmy attended South Highland School, Broadmoor Junior High School, and graduated from C. E. Byrd High School in 1967, having played on their football and golf teams. Jimmy graduated from LSU in Baton Rouge in 1971, earning a Bachelor’s degree in Business Administration. During his years at LSU, he was very active in the Kappa Sigma fraternity, serving as rush chairman his junior year, president his senior year, and elected Gamma Chapter’s Kappa Sigma of the Year in 1971.

While in college, he founded Party Pics, a business employing 30 students photographing fraternity and sorority parties for all forty of the fraternal organizations on the LSU campus, and created Graduation Foto, which is still active 45 years later taking photos of over 15,000 Louisiana high school and college graduates per year. After graduation, Jimmy worked for Xerox and led his New Orleans-Baton Rouge region in sales while still running his photo businesses.

Jimmy returned to Shreveport in 1976 and began his real estate career with J. Wesley Dowling, Realtor®, soon became partner, and joined the Coldwell Banker franchise in 1983. Gosslee was elected Chairman and CEO and, with his leadership during the past 40 years, the business grew from sales of \$12 million per year to over \$500 million, and went from 30 agents and staff to 200. It is still family-owned, with his son, Brad Gosslee, becoming Jimmy’s full partner in 2007. Jimmy believes in surrounding yourself with the best talent and takes great pride in providing an environment that promotes success and seeing his people thrive.

Coldwell Banker Gosslee maintains an extraordinary 30% share of the residential market in Shreveport-Bossier, and has earned international recognition and awards throughout the years, including Coldwell Banker Real Estate Chairman’s Circle, given to only the top 4% worldwide for 25 straight years, an extremely rare achievement with the market size of Shreveport-Bossier, and being one of the Top 500 Power Brokers in the United States again in 2016.

In 2010, Governor Bobby Jindal appointed Jimmy to the Louisiana Real Estate Commission (LREC), representing Northwest Louisiana in Baton Rouge. He considers it a privilege to serve the industry that has been so good to him.

Jimmy served as Chairman of the LREC in 2015, was named 2011 Realtor of the Year by the Northwest Louisiana Association of Realtors®, and has served on and led numerous civic and professional boards and organizations, tirelessly promoting and working to improve his community and industry.

Jimmy’s greatest accomplishment is his family: wife of 45 years, Dianne (a saint), children Brad, Jeffrey, and Krista, and nine grandchildren. His motto is the famous quote by Winston Churchill: “Never. Never. Never Give Up.”

ENTREPRENEURS IN OUR COMMUNITY.

Gregory Kallenberg is the founder and executive director of the Film Prize Foundation (Louisiana Film Prize, Startup Prize, Music Prize and Food Prize). He is a proud graduate of the University of Texas and attended the film production program at the University of Southern California. Gregory's endeavors are focused on the incentivizing, evolving and transforming of entrepreneurs, artists and dreamers. His ultimate goal is to transform Northwest Louisiana into a hotbed of innovative people and companies doing and creating incredibly awesome things.

Gregory's "moonshot mission" started with the creation of the award-winning Louisiana Film Prize, a film competition and festival where filmmakers are invited to Shreveport and Bossier City to create short films. The top-rated Film Prize films then compete during Louisiana Film Prize Festival, and the audience helps choose the \$50,000 cash winner (the world's largest cash prize for a short film). While making the Film Prize films, filmmakers hire locals (contributing to workforce development), eat in our restaurants and stay in our hotels. The past five years, the combined economic impact of the Film Prize is close to \$10 million and over 1,000 people have worked on Film Prize movies.

Gregory created the Startup Prize to help educate entrepreneurs, nurture their ideas and then, ultimately, connect them with potential investors. This unique competition encourages the investors to interact with the entrepreneurs and then choose their favorite startups to pitch their ideas in the final round. To date, 40% of the Startup Prize finalists have received offers of funding.

While the founding of the Louisiana Food and Music Prizes were rooted in Gregory's love for indie rock and eating, both festivals have helped musicians and chefs take their burning passions and transform them into viable businesses that connect with an audience. A large part of the Music Prize is hosted by the Grammys and focuses on educating musicians on how to improve their craft and run their music careers like a business. The newest prize is the Louisiana Food Prize. Again, Gregory is attempting to help local restaurant owners and catering chefs find an audience and create viable businesses.

While the success of the Louisiana Film/Music/Food/Startup Prizes has been impressive, Gregory is quick to point out that none of this would be possible without an amazing team of people, including Sabrina Adsit, Chris Lyon, Maddie White and Jana Pruitt, working hard to realize a collective vision, an army of willing and able sponsors and volunteers, and the support of two of the most incredible cities on the planet, Shreveport and Bossier.

Gregory is married to the lovely and amazing Heidi Kallenberg, and they have two children, Tobias and Daisy, three dogs—Savannah, Lulu and Violet—two cats, Rorie and Tut, and a horse named Shania.

"Q"

Jon Q=Petersen

We Love You!

Jon initiated his business career when he started working in his family's oil and gas exploration business in 1973. Jon was also pursuing a parallel career in race car driving. He owned and operated Petersen Racing Enterprise for 13 years. While continuing to learn the family trade in oil and gas, he put together a resume as a formula race car driver and raced in many notable races around the world. Ultimately he came to the conclusion that while he was a "good" race car driver, alas he wasn't a "great" race car driver, and the pursuit of that dream ended.

His father founded Marlin Exploration, an independent oil and gas exploration company in 1960 via the merger of Petersen Petroleum and Petersen Drilling. Jon became the president of Marlin in 1982. Additionally, Jon's father founded Petersen Enterprises, which financed a few retail car dealerships. Jon became president of that company in 1984. Collectively Petersen Enterprise has owned Chevy Land-Shreveport, Intercontinental Motors a Mercedes Benz in Houston, BMW North in Houston, Marlin Imports, a Mercedes Benz dealership in Ft. Lauderdale, and Ron Fondren Chevrolet in Baton Rouge.

Today Jon's family owns the Team Automotive Group which is made up of Team Toyota, Automotive Finance Company and Team Honda, all of which are located in Baton Rouge. Team Honda is the largest volume retail dealership of any brand in the state of Louisiana. Jon also serves on the board of Louisiana Dealer Services.

In the oil and gas world, Jon remains President of Marlin Exploration LLC, Marlin Resources LLC, and Water Brothers Equipment LLC. In addition to the auto and oil and gas business obligations, Jon sits on the board of Maven Royalty Partners, a new start-up in Shreveport.

Keeping in mind Jon's philosophy, "you must participate in life," he has participated on several civic boards in Shreveport. He served on the Metro YMCA Board of Directors and as Chairman of the Board of Southern Trace Country Club. Jon also served as Chairman of the Board of the Christus Schumpert Foundation and Christus Schumpert Hospital as well as Sci-Port Discovery Center. While serving on the Christus Schumpert Board, he served as co-chair of fundraising for both Grace Home (Louisiana's first residential hospice facility) and Sutton's Children's Hospital.

Jon's mentors in life were his father, who had a great curiosity and familiarity with the scientific natural world, and also his grandfather, who was a Danish immigrant who loved to work and was the cornerstone of the family's success. Jon's grandfather was the founder of Blue Plate Foods in New Orleans, which created and owned the original patents on Wesson Oil and Snowdrift. Jon strongly believes that no matter how many financial resources one is born to, everyone must play a productive role in society. No one gets to just ride along; you must participate.

Jon is married to the former Michele Armstrong, and together they have three children – Megan Campbell, Ryan Q=Petersen and Preston Q=Petersen. Their children have produced 11 grandchildren for Michele and Jon. Life is damn good.

Junior
Achievement®
of North Louisiana

EMPOWER
the FUTURE

2016 BUSINESS HALL of FAME

Criteria for Laureate Nominees

Achievement in one or more of the following categories:

- ▲ Outstanding overall business achievement
- ▲ Outstanding achievement of national impact
- ▲ Outstanding achievement in “small business”
- ▲ Outstanding leadership in public service and/or philanthropic activities

Economic impact in Louisiana during the time the criteria were met

Recognition by his or her organization or profession of having made a significant contribution to the success of the organization or profession

Ability to serve as a role model for the young people of North Louisiana

Recognized as observing high moral and ethical principles

Accomplishments of landmark proportions, significantly influencing his or her organization, industry, and community

A record of outstanding entrepreneurial achievement

Accomplishments of a continuing nature (as opposed to a one-time effort)

Igniting INNOVATION & ENTREPRENEURSHIP

ELEMENTARY PROGRAMS

JA Ourselves®

JA Ourselves uses storybooks and hands-on activities to introduce the role people play in an economy. Through engaging, volunteer-led activities, young students learn about individual choices, the importance of saving and giving, and the value of work. (Kindergarten)

JA Our Families®

JA Our Families explains how family members' professions contribute to the well-being of the family and of the community. The program introduces the concept of needs and wants, explores the ways families plan for and acquire goods and services, and analyzes how own skills to determine ways they can support their families. (Grade 1)

JA Our Community®

JA Our Community uses posters and games to offer practical information about businesses and the many jobs those businesses offer in a community. Students explore production methods through a simulation game, and learn about taxes, decision making, and how money flows in an economy. (Grade 2)

JA Our City®

JA Our City introduces students to the characteristics of cities and how cities are shaped by zoning. Students learn the importance of money to a city; how financial institutions help businesses and city residents; and how the media is an integral part of a city's life; and the role of an entrepreneur. (Grade 3)

JA Our Region®

JA Our Region introduces students to entrepreneurship and how entrepreneurs use resources to produce goods and services in a region. Students operate a hypothetical hot dog stand to understand the fundamental tasks of a business owner and basic operations of the business. (Grade 4)

JA Our Nation®

JA Our Nation provides practical information about the need for employees who can meet the demands of the 21st century job market. Students will understand the skills, especially in science, technology, engineering, and math, necessary to achieve future success. (Grade 5)

MIDDLE SCHOOL PROGRAMS

JA Global Marketplace®

JA Global Marketplace takes students on a spin around the world. Students learn the products they use every day, like their backpacks and sneakers, might use raw material from one country, be assembled in another, and sold from Peking to Chicago. The program helps students understand how goods flow through various economies and the effect globalization has on their lives. (Grades 6-8)

JA It's My Future®

JA It's My Future provides practical information about preparing for the working world. Students learn about career clusters, high-growth jobs, career planning, and creating a personal brand. And, through a scavenger hunt, they are introduced to the basic aspects of job hunting. (Grades 6-8)

JA Economics for Success®

JA Economics for Success gives the students the information needed to build strong personal finances, a cornerstone to a happy, secure life. Students learn the importance of exploring career options based on their skills, interests, and values. They also learn about personal budgeting; wisely saving and investing; and cautiously using credit. (Grades 6-8)

HIGH SCHOOL PROGRAMS

JA Be Entrepreneurial®

JA Be Entrepreneurial challenges students through interactive classroom activities to start their own venture while still in high school. The program provides useful, practical content to assist teens in the transitions from being students to productive, contributing members of society.

JA Personal Finance®

JA Personal Finance explores the fundamental elements of personal finances: earnings, savings and investments, budgeting, credit, risk management, and giving. Students apply these elements to a personal financial plan that allows them to set specific goals for their lifelong financial needs and desired quality of life.

JA Career Success®

JA Career Success equips students with the knowledge required to get and keep a job in high-growth industries. Students will explore the crucial workplace skills employers seek but often find lacking in young employees. Students also learn about valuable tools to find that perfect job, including resumes, cover letters, and interviewing techniques.

JA Company Program®

JA Company Program allows students to learn and experience business fundamentals and the art and hard work of entrepreneurship as they operate a student-led company. Students will be able to apply their newfound skills to their education and future careers.

JA Job Shadow®

JA Job Shadow prepares students to be entrepreneurial thinkers in their approach to work. In-class sessions prepare students for a visit to a professional work environment, where they will face a series of challenges administered by their workplace hosts. Students learn how to research career opportunities and the skills needed to land and keep their dream job.

JUNIOR ACHIEVEMENT

EMPOWERING YOUNG PEOPLE TO OWN THEIR ECONOMIC SUCCESS

BE A HERO!

As a JA volunteer, you know you can make a difference in a child's life. By leading a JA program, you have shared a message of hope and opportunity with each and every young person you have reached.

Our volunteers are what sets JA apart.

We are receiving more requests for our programs than we can meet.
Won't you consider volunteering again?

JA Kids need you. Will you please help them?

Help us inspire more JA kids and change a child's life!
